Murrieta, CA

March 2025

## VALENTINE'S DAY 'SMASHACAR'

Photo by Ted Vollmer, Spring Knolls News

**HITTING THE WALL:** A Riverside County sheriff's deputy stands guard next to a Honda Civic whose driver skidded into the retaining wall at Via Princesa and Via la Colina on Feb. 14 to end a minutes-long high-speed pursuit on rain-slickened streets. An assault with a deadly weapon suspect was arrested without incident, and no weapons were found. The early morning pursuit began on Murrieta Hot Springs Road before entering the Knolls. **More photos on page 3.**

## A life of expectations & the unexpected

There's always something going on. Isn't that the way?

As February was ending, a few clubhouse projects popped up and were addressed. The gym bathroom had a major toilet leak. Everything was dried out, the toilet was replaced and repairs finished. Then the spa pump gave out and needed replacement.

There was some fun to be had in February. The Boosters' Mardi Gras dinner & dance was a big hit. Lisa, our Spring Knolls caretaker, out did herself with decorations. Who knew

Sandy Vollmer  
SK president

she had these other talents? We did! Remember Halloween? The costumes at both events were also magnificent. Lisa's picture is above and other photos are on page 6.

Oh, I almost forgot another February "event", the police and sheriff chase through the Knolls on Valentine's Day. Fortunately, the only damage was to the short retaining wall at Via La Colina and Via

See SK president, page 2

## New panel OKd to study reserves

### Standing committee to focus on best uses for association funds

The Spring Knolls Association board has approved the formation of a standing Reserve Study committee to closely examine the clubhouse facility and common grounds for what needs to be replaced or repaired.

Reserve funds are used for everything from a new toilet or a new swimming pool pump to seal coating or repaving of Spring Knolls streets. California law requires HOAs to have an annual reserve study. Those studies involving Spring Knolls have previously been performed by two board members and a certified Reserve Study specialist suggested by the associa-

Princesa that volunteers erected four years ago. Hopefully we'll get reimbursed for damages, but don't hold your breath.

With any luck, March will start out a little smoother with no major repairs on the horizon. We'll see how it goes.

Oh, and don't forget to move your clocks ahead one hour on March 9 as Daylight Savings Time returns at 2 a.m.

A week later, there will be an earthquake film and emergency fair at the Murrieta Library on March 15. See page 4 for details, on how to sign up.

And, a few days after that, the monthly Board meeting will be held at 6 p.m. March 19 in our library.

A safety reminder: Both Murrieta and Temecula schools will be out for spring break from Monday, March 31 through Friday, April 4. Many grandchildren visit during spring breaks so please be mindful of the visiting youngsters as you drive around. Also, for you grand-

parents, please remember that state law forbids unlicensed drivers from driving golf carts on our streets. I know it's tempting, but allowing kids to drive your cart is not only hazardous to you and others, but it can also lead to a citation. Let's be safe, not sorry.

Moving to April, events are already stacking up.

1. The Murrieta Firefighter's Annual BBQ Saturday, April 12. Details on page 10.
2. Spring Knolls Spaghetti Dinner-Saturday, April 19.
3. Our second Spring Knolls Senior Resource Fair Saturday, April 26. Organizers **Holli Hanson** and **Lori Miller** are lining up people and organizations to provide you with helpful information. It's free, and there will be a lunch and prizes. See page 4 and next month's edition for more details.

So, there's always lots to do as we move into our beautiful warm sunny days. And that includes the Boosters' Friday Night BBQs that will be back starting May 30.

Oh boy, more baking time!

## Spring Knolls Board report for Feb.19, 2025

- **Approved:** Formation of a standing Reserve Study committee led by Treasurer Sharon Kilpatrick to examine association expenses surrounding such things as clubhouse repairs, street paving and common grounds.
- **Approved:** Boosters event schedule for 2025.
- **Approved:** Setting April 26, 2025 for the second Senior Resource Fair in Eaker Hall.
- **Treasurer's report.** As of Jan. 31, 2025: Total bank accounts \$1,140,797; Operating/checking expenses, \$20,695.22; Reserve expenses, \$255. Reserve funds, \$635,933.98

The next meeting of the Spring Knolls Board will be at 6 p.m., March 19 in the Spring Knolls Library.

**ON THE FRONT:** **Lisa McKinney**, one of the lead organizers of the Boosters Feb. 22 Mardi Gras Dance/Dinner, poses for the Spring Knolls News. Lisa loves to decorate for Boosters events. See more photos from this year's Mardi Gras party on **Page 7**.

Spring Knolls Association (A 55+ age-restricted community)

## Permit me to remind you about permits

By Jan Towers

Spring is just around the corner! With that in mind you may be considering having some projects done around your home.

This is just a reminder that any additions and/or modifications must have prior approval from Spring Knolls HOA.

Jan Towers

For roof replacement, as always, start with the HOA and you'll receive the information to contact the Housing and Community Development department. This step is required by both the county and state.

Failure to follow those steps can result in fines and penalties.

Also, if you're going to have Habitat for Humanity's group, Brush with Kindness, paint your home, you'll still need to have the paint color approved by the HOA.

It's as simple as visiting me in the Office on Fridays, 9:30 a.m. until noon. If you're unable to see me, there are Architectural Request Forms in holders just outside the office. Once you complete them, return them to the office.

I look forward to seeing our residents and working together to improve our community.

If you have any questions please feel free to contact me.

— Jan Towers is HOA vice president & Architectural Director. 951-616-4443

## ARRESTED DEVELOPMENT

Photos by Ted Vollmer  
**PURSUIT ENDS:** (Left) Deputies handcuff suspect wanted in an assault case after he crashed into a retaining wall on Via Princesa, ending a high-speed pursuit on Feb. 14. (Above) Sheriff and Murrieta PD cars gather on Via Princesa after the pursuit ends, while deputies confer as the arrested suspect (seated) awaits transport.

## Committee

From page 1

tion's CPA.

Per Spring Knolls' current reserve study agreement, an on-site walk through with the specialists is performed every third year. Annual walk throughs would require a higher cost.

Spring Knolls Treasurer Sharon Kilpatrick will chair the new standing committee, which was unanimously approved at the Feb. 19 board meeting.

Initially, the committee will consist of six Spring Knolls residents — including three board members — and is expected to hold its first meeting in March.

Sharon added that as a standing committee, even with membership turnover, there should always be remaining members who are very familiar with each year's Reserve Study, walk-throughs and any resulting repairs and completed replacements. As a side note, she said that the Spring Knolls current reserve funding status is in a "strong position."

The committee will also conduct an in depth review of each year's Reserve Study Report and identify any inconsistencies that could affect Spring Knolls funding requirements. Committee recommendations will be forwarded to the full board for consideration.

Anyone with questions about the standing committee or possible membership on the committee — in the future — is asked to please leave a phone message for Sharon at 951 677-6862.

## THANK YOU

A Spring Knolls thank you to Darla Orme for her generous donations of books, games and DVDs. Also, thanks to Lisa McKinney for starting and maintaining the successful Spring Knolls "General Store" outside Eaker Hall.

## SENIOR RESOURCE FAIR AT SPRING KNOLLS CLUBHOUSE!

38441 Via La Paloma, Murrieta CA 92563  
**Saturday, April 26, 10 a.m. – 1 p.m.**  
 Lunch will be served

**SKERT NEWS**

## We need to hear if you're making your home safer

Holli and I met with Firewise officials and went around our house, the dog path/park, and our gully.

They gave us tips about trimming The trees / shrubs, what to remove, where to install 1/8"

Alan Hanson  
SKERT chair

wire mesh, and other ideas. They also sent us a list of organizations to apply for grants, and more documentation about obtaining homeowner insurance premium reductions.

Let me know if you're taking defensible space/hardening moves for next year's Firewise submittal.

See next page to learn how your fire safety measures can help you lower your property insurance costs.

We'll have a detailed assessment of The Clubhouse by Firewise (or, the Fire Dept.?). This would be with the New Reserve Committee and SKERT.

And, we'd like to see the Area Coordinators find out which of their residents require help with "home hardening" work.

The Earthquake Country Alliance (ECA), is holding a screening of **Quake Heroes**, a movie about every day people who became heroes during the 1994 Northridge quake.

Also, as part of this event, there will be an emergency fair. The date for all this is Saturday, March 15 between 9 a.m. and 1 p.m. See the notice at the top of this page about signing up for it.

We need more members! Betty Dutton is the last nurse we had in SKERT, and she's moving. Let's recruit new members, especially those with medical backgrounds.

**INSURANCE INCENTIVE:** Below is a Q &A about possible discounts, under state law, that you could receive on your homeowner's policy, especially if you have made efforts to "harden" your home's perimeter from wildfire vulnerability. While premium reductions are not guaranteed, you are in a better position to negotiate one if you have taken steps to protect not only your own property but those near it.

## What does being **Safer from Wildfires** mean for my Insurance?

Insurance Commissioner Ricardo Lara is requiring insurance companies to give discounts to residential and commercial policyholders under the Safer from Wildfires framework. Under Commissioner Lara's new regulation, insurance companies also must tell you about the wildfire risk factors on your property — and Safer from Wildfires gives you the tools to reduce your risk and help keep your insurance.

### **Q: When will discounts be available?**

A: As soon as possible. Under Commissioner Lara's new regulation, insurance companies are required to calculate new rates incorporating Safer from Wildfires discounts and submit their data to the Department of Insurance in a rate filing. Each rate filing undergoes a rigorous review by Department of Insurance experts under a transparent set of rules to make sure the rate filings are fair and complete.

### **Q: How much will my discount be?**

A: Discounts will depend in part on your property's individual characteristics and the actions you've taken through Safer from Wildfires. The safer your property is from the risk of wildfire, the more you can save. Different insurance companies may offer different discounts, so it pays to compare.

### **Q: Why aren't all the discounts the same?**

A: By requiring all insurance companies to submit their discounts separately, the regulation encourages competition to benefit consumers. Some companies may be a better fit for you based on your home or location. We urge you to look at all available options.

### **Q: I am on the FAIR Plan — will I get a discount?**

A: Yes – the FAIR Plan will also offer discounts. Contact a licensed insurance broker who is registered to sell FAIR Plan coverage. FAIR Plan's website has a Broker Finder tool that can assist you in finding a broker in your area: <https://www.cfpnet.com/>

### **Q: What safety step will help me get the biggest discount?**

A: Insurance companies may give different discounts for specific actions as well as for combinations of actions, so you should check with your insurance company and compare what others are offering. Local fire safety professionals and insurance consumer groups may also provide resources to help you plan for what actions to take first as you continue to make your home or business more wildfire resistant.

### **Q: When should I request a discount — immediately or when I renew my policy?**

A: After completing a wildfire mitigation action, you should contact your insurance company or agent/broker and advise of the completed work. You may need to provide proof that the mitigation action was completed, or an inspection may be required to confirm that the mitigation action was completed. Your insurance company or agent/broker should be able to advise you of the amount of annual premium savings the mitigation action will result in, and the premium savings would be reflected at the start of the next policy period.

## Booster Bits

## Mardi Gras dinner/dance debut draws colorful crowd

**Dorothy Vaughn**  
Boosters VP

Mardi Gras —Spring Knolls version— was a blast!

We might have been a smaller version than the celebrations in New Orleans, but we had everything but a marching band.

We'll work on that for next year's!!

Everyone at the Feb. 22 dinner / dance was in their Mardi Gras finest that included thousands of sparkles and beads, masks and colorful clothes!

All the tables had special decorations and the more than

70 attendees at this first Boosters Mardi Gras dinner/dance had fun guessing the identities of their masked friends.

Then there was the Mardi Gras menu, which included red beans, and rice, Jambalaya and Gumbo, delicious home made soups, corn bread muffins and salad.

A fun part was the King cakes on each table that yielded a possible prize for the guest who found a baby in their piece.

Then there was the dancing to

our great DJ's records!! Our guests can really shake their booties!!

A big thank you to Lisa McKinney, and her family for keeping this holiday event authentic and working so hard on the food and decorations.

And a big thank you to our Boosters for making all the delicious food and serving it to the long lines of hungry residents from all three units. Our next event will be our spaghetti and meat ball dinner in April.

## La Jolla: Cross it off these Boosters' bucket lists

By Mary Lou Morgan

One of the many benefits of being a Spring Knolls Booster is all the fun and wonderful people you get to know while working on events for our community.

So, occasionally, we get together and have a fun day. Recently, I guided a tour through the San Diego's La Jolla, area where I lived for many years.

We began with the Torrey Pines Gliderport, on a spectacular cliff overlooking the Pacific. The wind wasn't right for hang gliding that day, but we enjoyed the beauty.

Next was La Jolla Shores Beach, where we strolled

**LA JOLLA TOUR:** Boosters Lynda Miller, Lori Miller, Mary Lou Morgan, Charlene Kirkwood and Lorraine Haber at the glider port. (Not pictured, photographer Roberta Jiron.)

through the sand and along the water's edge, and on to the La Jolla Cove to see all the seals that have taken over the beach.

We headed next into the

heart of La Jolla, where all things fashionable and expensive are on display. Lunch was at The Promiscuous Fork (gotta love that name), and the food got a thumbs up.

We ended our day at the famous Windansea beach, where I spent many of my teenage days, with nothing better to do than getting your best tan with baby oil and iodine.

A fun day was had by all and we were on the freeway by 2 p.m.. You all know how fun Highway 15 is coming from the south after 2.

Photo by Alan Hanson

**EGRET SIGHTING:** This Egret stopped in a Spring Knolls driveway on Via Princesa Feb. 16. It also was seen in many other areas that day.

FEBRUARY'S BRUNCH BUNCH: A few Spring Knolls newcomers enjoyed brunch and conversation at the Welcome event on Feb. 10. (From left) Monica Sims, Art Corral, Persephonie Saucier, Mary Lou Morgan and Brian Reed. (Welcome writer Mary Lou Morgan holds occasional brunch or Happy Hour receptions for new Spring Knolls residents. If you have new neighbors, let her know at 760 613-7514.)

### Wanted: Someone to help restore my grandparents' vintage Philco

One of my brothers was clearing out an old shed and found the 1940 Philco radio that Dad bought for his parents with his first paycheck, when he was 19.

I can picture exactly where it was placed in my grandparents' living room. I also remember sitting on their sofa listening to Fibber McGee and Molly.

My brother is giving it to me and I want to restore it. It will be a real labor of love restoring the exterior, taking many hours and probably regrets at times. I'd be thrilled if anyone in

our community could help restore the working parts inside. I can be contacted at 760 613-7514.

—Mary Lou Morgan
